Material Safety Data Sheet available on request.</p>	
<p><b>Remarks</b></p> <p><b>Operating instructions:</b> Spray a thin layer of WaterlessWash onto a vehicle or panel (use a Colad Pump Spray for equal dispersal) and allow it to soak for a moment. Wipe off the dirt with a damp Colad Micro Polishing Cloth (to prevent scratching). Complete the process by wiping the surface with a dry (clean) Colad Micro Polishing Cloth for a clean, shiny surface. The vehicle is now ready for the road or to have repairs done.</p> <p><b>Note:</b> Do not use the product in full sunlight – application on hot surfaces causes it to evaporate before it can work. <b>Note:</b> Common sense caution – Excessively soiled surfaces (mud or sand) must be pre-rinse first with water to prevent scratches. <b>Note:</b> Colad WaterlessWash is not a surface degreaser. Always degrease properly before you start your repair!</p>
