About Us

OUR STORY

A family business started some 25 years ago, ABE has grown rapidly into a company full of commitment & passion, with the very best products & staff to help you in the repair & refinish trades today.

Operating since 1994, we have watched the drastic changes as the industry becomes more technically advanced, with challenging materials from the manufacturers. ABE has gained, through experience, the expertise to offer body shops not only sales, servicing, and training, but information & knowledge on the newest techniques & standards in the industry.

OUR BRANDS

Painting & Preparation Consumables

Preparing a job requires a lot of steps and a lot of products, from cleaning & degreasing wipes to get a panel ready for dent removal, booth films & coatings to extend the lifespan of your booth walls, to mixing cups and paddles for an easy painting process. We can supply every part of the paint and preparation process you need except for the paint itself!

Masking

Premium Masking Paper

Colad Masking Paper Premium has customized properties for use in diverse masking applications. This makes the paper easy in use and also optimized masking capabilities. Perfect barrier properties in combination with the right absorption possibilities: paint will stick to the Masking Paper, but will not bleed through under normal conditions

206045 - 45cm	\$33.02 +GST
206060 - 60cm	\$38.98 +GST
206090 - 90cm	\$60.29 +GST

300m roll - 50g/sm

Seat & Wheel Covers

Colad seat & wheel covers are made from high quality HDPE plastic. The wheel covers are perfect for masking wheels & rims during the paint process, and the seat covers for protecting the seat during preparation, sanding, and painting. Both are easy to use & are universally sized

6110 - Seat	\$50.68 +GST
6100 - Wheels	\$47.03 +GST

Seat: 100pcs - Wheels: 200pcs

Fine line Masking Tape

Green Fine Line Tape, specially designed to mask objects if excellent colour separation is required when spraying with multiple colours, pin striping or custom painting. It adheres to a wide variety of surfaces and can be used in combination with waterborne coatings. It can be removed easily without leaving any residue.

903003 - 3mm	\$10.45 +GST
903006 - 6mm	\$12.85 +GST
903012 - 12mm	\$25.08 +GST

55m roll

Electric foil cutter

Electrical cutter for plastic foil and masking paper, supplied in a bag with belt strap for easy storage. Requires 2x AA batteries

\$35.74 +GST

SKU: 2075

Foil cutters

A very practical cutter for plastic foil and masking paper with a magnet on the back. Pack of 10

\$58.42 +GST

SKU: 2070

Foam Masking

Foam Masking Tape is designed to seal the apertures of cars. It protects against sharp edges & prevents overspray from bleeding through. 13mm x 50m roll

\$47.65 +GST

SKU: 908013

Stegoband

Designed specifically for masking jobs on hard to reach places, especially masking of corners. Perforated every 4cm for easy use without tools. 10m roll.

\$34.73 +GST

SKU: 906023

Surface Preparation

Spray Pump Bottle

The Colad Pump Spray is equipped with VITON O-rings to resist both water and/or solvent based degreasers and the spray mist is adjustable to fit your job perfectly. Easily distinguish between your different fluids using the coloured rings, and extend the life span with new seals that can be easily replaced.

9705z - bottle	\$54.03	+GST
9705CR - colour rings	\$19.65	+GST
970505 - seal kit	\$21.11	+GST
970506 - wall bracket	\$37.62	+GST

Holds 1L

Scuff Rolls

Non-woven material can be used for both wet and dry hand scuffing as well as with a sanding machine. Great for applications such as roughening of unpainted plastics, plywood and aluminium (red), or roughening between coats, when using 2 component paints and primers (grey). The material is flexible and follows the shape of the working surface

38202000 - Gold	\$52.98	+GST
38201500 - Grey	\$43.26	+GST
38200800 - Red	\$43.26	+GST
10m roll		

Control Powder

Control Powder helps to create a perfect finish by highlighting imperfections in putty or primed surfaces & detects scratch marks from sanding.

SKU: 9180

Surface Preparation

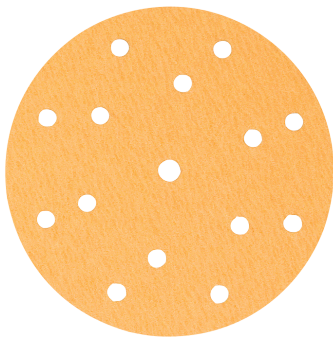

Colad Soft Roll

Sanding paper on foam backing. Specially for sanding intricate parts. Can be used wet or dry. Available with coarser grits for sanding putty and finer grits for primed or lacquered surfaces.

The sheets are flexible and soft for hand sanding of difficult to reach and profiled places, and prevent clogging due to a special stearate coating. The foam base provides an easy grip and applies pressure evenly. This reduces the risk of sanding through the material.

38950180 - P180	\$55.00 +GST
38950240 - P240	\$55.00 +GST
38950320 - P320	\$55.00 +GST

Colad WaterlessWash

Washing without water enhances your productivity!

Cleaning panels just within a few minutes without the need to drive to the car wash. Colad WaterlessWash increases your productivity by enabling you to clean car panels and/or surfaces directly at the body shop. It saves up to 15 minutes per repair job! You'll be done washing in just a few minutes!

Advantages

- Easy to use
Washing on the spot.
- Easy and safe to use
Ready in three simple steps.
- Efficient cleaning
Just clean the panel(s) that needs to be repaired.
- Time saving
Save labor costs (up till 15 min. per car).
- Environmental friendly
Save water/ reduce your eco-footprint.

How it works

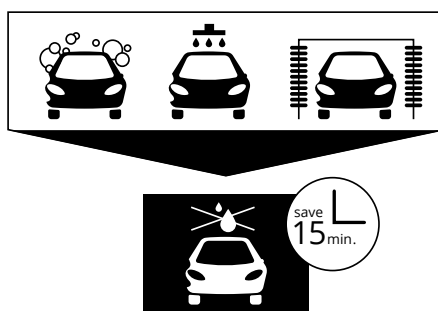

- ✓ Apply WaterlessWash on the car panel, wait 30 seconds.
- ✓ Wipe WaterlessWash off with a damp cloth.
- ✓ Use a dry, clean Colad Micro Polishing Cloth to polish the surface to a high gloss.
- ✓ You are ready to start your repair work!

Note: Colad WaterlessWash is not a surface degreaser. Always degrease properly before you start your repair!

Sealants, Adhesives, & Coatings

Repairing cars involves using a lot of different products and processes. preparing a surface, filling a cavity, bonding a panel, coating an underbody, sealing a joint, and more. We carry a complete and comprehensive range of chemicals. Our range also includes new water based and moisture-cure technology to improve worker safety and environmental impact.

DINITROL® 

DEKALIN 

CALL: 0800 227 236

Protection

Dinitrol 447 Underbody Coating

DINITROL 447 Protect Super is a fast-drying body protection based on rubber synthetic resin. Zinc additives provide for significantly improved rust protection. Zinc ions also prevent or delay the formation of rust in places where the protective film has been damaged. 447 remains elastic even when dry, to resist stone chipping.

Complete solutions for sealing & bonding

Dekalin Dekasyll MS-5

Dekalin MS-5 is a universal elastic sealant and adhesive which cures with the humidity in the air, with the highest bonding and shear strength.

MS-5 is suitable for making internal and external elastic sealings and can be used in the automotive, bus, train, caravan, or building industry. It can be used where high stress will be present on the joint due to its high bonding strength.

Dekalin 8936 Dab-off Sealer

Dekaseal 8936 is a permanently slightly sticky, non-hardening, plastic-staying sealant, which can be dabbed away, but cannot be painted over.

8936 is great for sealing of overlaps and joints in buses, caravans, campers, trains and trucks, sealing of screw and bolt connections, or any other mechanical fastening that is at risk of leaking. It also features high UV and weather resistance

Colad Bodyguard Overalls

The Paint Suit for a full day of working comfort and protection!

The Colad BodyGuard Paint Suit provides optimum protection against overspray and prevents pollution of the paint job by fibres, dust and lint. To guarantee you a full day of working comfort, this updated BodyGuard responds to the experiences of our users. We improved the anti-static capacity with a different type of fabric and redesigned the hood for a better fit!

Colad Bodyguard overalls are available in 10 sizes from XS to XXL to fit any painter.

A full day of working comfort & protection!

- Anti-static coating
- Dust & lint free
- Protects against overspray
- Tight but comfortable fit to neck, sleeves, and cuffs
- Perfect for any size
- Maximum flexibility
- Efficient ventilation to avoid overheating
- Comfortable for an entire day of working - loved by painters!
